

## **Bob Libby**

### ***Driver/Official***

Bob Libby began racing at Beech Ridge Speedway in 1954. He spent twenty-five years driving race cars and winning races from Massachusetts to the Canadian Maritimes. Highly respected as a driver and car owner by his fellow competitors, Bob was elected to the position of President of the Main State Stock Car Racing Association to an unprecedented 15 terms. In the early 1960's, Bob also served several years as President of the Pine State Stock Car Association at Oxford Plains Speedway and was instrumental in creating the speedway's asphalt transition to the same size as Beech Ridge's 1/3-mile track. For the last 50 years, Bob has quietly and modestly influenced the direction of Beech Ridge Speedway and the sport of auto racing in Maine as a driver, car owner, multi-term MSSCRA President and, for the last fifteen years, the Director of Competition at Beech Ridge. Bob Libby is a member of the Beech Ridge Speedway Hall of Fame and joins his brother Phil as a member of the Maine Motorsports Hall of Fame.
