

## **Bob and Larry Tanguay**

### ***Drivers/Car Owners***

The Tanguay brothers – Bob and Larry – raced their way into the Beech Ridge Speedway history books as one of the track's most notable and successful sibling drivers. Both drivers created marked careers for themselves on the track, while simultaneously epitomizing and enjoying the family sport for which auto racing is known. Larry won three track championships at Beech Ridge. His first two titles occurred in the 'C' Class five years apart – 1965 and 1970 (a tie). Into the 1970's, Larry competed in the 'B' Class driving the #V8 Willy's coupe built by himself and brother Bob. After a brief hiatus from racing, Larry returned to the driver's seat behind the wheel of the Coutermarsh #61 Modified and won the 1982 division championship. Bob won his only track championship in the 'C' Class three years after his brother won his first (1965). Bob shared the driving duties of the family #V8 with Larry before eventually racing the coupe full time. Bob and Larry both reside in Windham with their respective families.
