

Dave Coutermarsh

Driver / Car Owner

Gaining his introduction to the sport from behind the wheel of a race car at Oxford Plains for a short period of time, Dave Coutermarsh's rise to Maine motorsports prominence would escalate as a car owner. Venturing to Beech Ridge Motor Speedway at the turn of that track's Super Modified era in the '70's, Coutermarsh secured his first five championships with Ralph Cusack (2004 Inaugural Hall of Fame) in his driver's seats through 1980. Two additional titles came with drivers Larry Tanguay (2009 Hall of Fame) in the early '80's Modified period; and three more at the close of the '80's with driver David Pinkham, including one at Claremont Speedway in New Hampshire. Dave's ten championship titles as a car owner as well as his influence as a Director with the Maine State Stock Car Racing Association and his membership in the Beech Ridge Hall of Fame left an indelible standard within the state's motorsports arena.
